HIGH IMPACT TRANSFORMATIONAL LEADERSHIP SKILLS FOR MANAGERS & LEADERS USING NLP

(ACHIEVING THE BREAK-THROUGH IN THE WORKPLACE THAT MAKES THE DIFFERENCE IN YOUR TEAM PERFORMANCE)

Date : 7 & 8 Oct 2024 (Mon & Tue)
Venue : AC Hotel by Marriott, Penang

WHO SHOULD ATTEND:

OBJECTIVE:

Many team leaders and managers are looking forward to inspire visible change in themselves and their workforce but without much success. This powerful transformational and experiential result-oriented workshop will ignite your passion for work & life; and inspire you as well as show you how to inspire your staff and culture a dynamic team to outdo current performance levels to attain peak performance.

In this workshop, the participants will unleash the leadership qualities in your executives and managers that they may see beyond the norm or current possibilities. And it will reinforce or remind your senior team about the importance of living their dreams, instead of "living in their dreams", and results they want in their life. To develop high impact team leadership skills, influencing skills; and unleash intrinsic creativity and innovation that will ensure progress, achieve sustainable change and ensure high business performance in face of global economic and financial crisis.

This workshop incorporates tools and ideas used in Neuro-Linguistic Programming (NLP) that makes a real difference by enhancing and developing your skills to transform the mindset and achieve significant results. By understanding how to use all your senses, using different styles and levels of language patterns and re-writing your thinking process you can achieve the break-through that makes the difference as a transformational leader in the workplace.

LEARNING METHODS USED:

In this fun-filled highly experiential training, the training facilitator adopts a coaching and facilitative approach. It is very important to engage the participants in reviewing their own outcomes.

The fun-filled activities are designed to illustrate key issues that the participants are facing in achieving excellence and greater performance as a change leader at work by using NLP tools to create illustrations, demonstrations and activities such as role plays, VAK & Mind exercises, mind games and group discussions.

New skills will be acquired via mind programming methods using practical NLP.
