COURSE OVERVIEW

Application of International Financial Reporting Standards (IFRS) Financial reporting is essential for statutory financial statements audit and filing for incorporated companies. There are also recent amendments made to IFRS which also cascade to amendments in Malaysian Financial Reporting Standards (MFRS) for companies for reporting periods since Year 2024 and Year 2025 financial reporting year.

The two days programme will cover the applications, calculation, measurement and relevant disclosures as per required by amendments issued by International Financial Reporting Standards (IFRS) and amendments indicated in Malaysian International Financial Reporting Standards (MFRS).
